

## CONSIDERATIONS for planning the music at Your Event

### What's your group size and the occasion?

What's the event and how many people will be attending? Are you working with a planner or event management company?

### Would you like a private concert?

Mary Beth's concerts are performances that include personal stories, original songs, and unique covers to a focused, attentive audience (of any size). Concerts usually follow a social cocktail hour or dinner.

### ...Or atmospheric (background) music?

Mary Beth is delighted to help create the perfect musical atmosphere for your gathering – and can be as gracefully 'out of the spotlight' or as engaged with guests as you like.

### Performance length?

Concerts usually run 1 hr–1:15 in length, but are easily customizable for your event. Atmospheric bookings can be any length you like, and may take place in multiple locations throughout an event if desired.

### Is there a piano on site?

If so, great! And no problem if not. Site pianos require tuning within 48hrs of event. (MB can suggest tuners) Prefer to rent a grand piano? Mary Beth can help make arrangements, often at a discounted rate. She also can provide an electric keyboard if that's best for the site.

### Is there a PA (Sound System) on site?

Many bookings take place in restaurants or hotels where there is a great PA available for amplification. In that case, MB will ask for a contact person in case of any AV issues. In a private home, PAs are not usually in place, but you'll still want crisp, gorgeous sound. MB is glad to help arrange for the appropriate system for the space, as well as recommend placement in the room if you like.

## BOOKING NOW

### Winter 2021-2022+

With her silky piano touch and rich vocals, incredible repertoire, and striking 6ft blonde frame, Mary Beth Maziarz's musical presence takes any event to the next level. Keen sensitivity and years of experience allow her to 'read the room' and cultivate just the right tone and tempo for your group's vibe and occasion. Whether you're seeking warm and upbeat or cool and sophisticated, your celebration, corporate event, or destination gathering will be elevated by Mary Beth's gorgeous piano and vocals – live music of the highest caliber, professionalism and quality. You and your guests deserve the best . . . by booking Mary Beth, you'll get it.

### What's Your Ideal Music Vision?

What kind of live music will make your event really come to life? A lively, rhythm-rich cocktail hour set? Beautiful music throughout dinner – great songs you'd forgotten about and modern hits interpreted in cool new ways floating amongst conversations at just the right volume? Or maybe an after-dinner concert would give focus and depth to an evening program by featuring songs and stories that move between touching, thoughtful, and funny... The sky's the limit! Past bookings have included fireside shows in snowy yurts, "Creativity in Concert" after-dinner programs (TED style), and performances in exclusive helicopter-access-only locations...but the simple pleasures are often just as memorable. Crystal-clear vocals with a grand piano in a lovely room filled with great people – that's pretty magical too. MB will work with you to plan the perfect music for your event.
